P At the request of the White House, received 3-24-69, an investigation has been conducted concerning Nelson Aldrich Rockefeller, Governor of the State of New York, since 1958. An applicant-type investigation was previously conducted in 1952 concerning Governor Rockefeller which was favorable. Current investigation is highly favorable and complete with the exception of a check of passport files and a check of the security file at the Department of Health, Education, and Welfare. In 1962 he was divorced by Mary Clark Rockefeller, his wife of 32 years, on the grounds of extreme mental cruelty. He married Margaretta Fitler Murphy in 1963.

Governor Rockefeller was Under Secretary at the Department of Health, Education, and Welfare from 1953 to 1954, and Special Assistant to the President from 1954 to 1955. He has served on other Presidential committees since that time and in March, 1969, he was appointed to the President's Foreign Intelligence Advisory Board, Washington, D. C.

b7C b7D Governor Rockefeller has been mentioned in the press as the possible head of a special mission President Nixon is interested in sending to Latin America for a reevaluation of the Alliance for Progress.

[REDACTED] who requested anonymity, would not recommend Governor Rockefeller for the position of roving ambassador to South America because of Governor Rockefeller's family connection with the Standard Oil Company and Peru's current feud with the Standard Oil Company.

Cordial relations have existed between Governor Rockefeller and the FBI for many years.

Marital Status

Governor Rockefeller married the former Mary Todhunter Clark on June 23, 1930, at Bala-Cynwyd, Pennsylvania.

Records of the Second Judicial District of the State of Nevada, Reno, Nevada, reveal that Mary C. Rockefeller filed a divorce action against Governor Rockefeller on March 16, 1962. A property and future support agreement dated November 17, 1961, was stipulated as fair and adequate and was not submitted to the court. An absolute divorce was granted to Mary C. Rockefeller March 16, 1962, on the grounds of extreme mental cruelty.

In May, 1963, Governor Rockefeller married the former Margaretta Fitler Murphy and resides with her and two minor children, Nelson A. Rockefeller, Jr., and Mark F. Rockefeller, at the Rockefeller family estate, Pocantico Hills, New York. Governor Rockefeller also maintains a residence at 810 5th Avenue, New York, New York.

Washington, D. C., that he has known Governor Rockefeller for
many years as a close personal friend and highly recommends him
for any position of trust and confidence.

b7D [REDACTED] who requested
anonymity, advised that he has only casual contact with Governor
Rockefeller and sees him occasionally at functions sponsored by
organizations interested in South America. He said that he
would not recommend Governor Rockefeller for a position as a
roving ambassador because, although he has the reputation of
being an expert on South American affairs, he feels that Governor
Rockefeller does not really know what is going on in South America.
He believes this is a particularly inappropriate time to be
sending Governor Rockefeller to South America because the President
of Peru, Juan Velasco Alvarado, is currently feuding with the
Standard Oil Company and has been building up the indebtedness
of that Company to Peru. This source said that he did not think
this is the time for Governor Rockefeller to be traveling around
South America because his name epitomizes Standard Oil Company
in those countries, as well as in the United States.

Thirty-two additional persons, including officials of
the State of New York, co-workers, religious leaders, business-

were interviewed, including those listed hereinafter. They advised

reputation, and associates are above reproach. Governor Rockefeller
was described by them as an outstanding administrator, highly
intelligent, hardworking, conscientious, deeply dedicated, and
extremely capable. Those acquainted with other members of his
family advised they are highly reputable persons of excellent
character and unquestionable loyalty. Governor Rockefeller was
further described as a man of integrity, a man of great vision,
and a dedicated public servant. It was stated that Governor
Rockefeller is extremely capable in many fields and is acknowledged
to be an expert on Latin American affairs. Governor Rockefeller
was said to have extensive holdings in Venezuela and has numerous

Miscellaneous Information and Comments. Confidential Informant [REDACTED], a former highly placed Federal government official, advised that he has known Mr. Rockefeller principally as a business associate since [REDACTED] and regards him as a loyal American citizen. He explained that while Rockefeller was Coordinator of Inter-American Affairs, that agency was filled with Communists and Rockefeller was unable to detect them. He regarded the Appointee as a ruthless and ambitious person who has no hesitancy to ruin the career of anyone who thwarts his ambitions. He recalled that shortly after the presidential election in 1944 Rockefeller attempted to have [REDACTED]

b7C
b7D

[REDACTED], removed from the State Department because he did not feel that [REDACTED] had shown proper deference to the Rockefeller name. [REDACTED] was unable to recall the specific details, but knew that some State Department officials interceded in behalf of [REDACTED] and he was not removed.

This informant related that Rockefeller has no organizational ability, is a difficult man to work for, and is a demanding egocentric. As far as he knew, Rockefeller associated with

reputable citizens, however he would not recommend him for a government position.

b7D [REDACTED] a former highly placed official in the Communist Party, advised that he recalled a discussion with other Communist Party functionaries during the 1940's regarding the inability of the Party to infiltrate the Office of Coordinator of Inter-American Affairs. He said he never heard of Nelson Rockefeller associating with the Communist Party or any of its activities in any way whatsoever.

[REDACTED] He described the Appointee as a man of outstanding character, loyalty, and reputation, and regards him as being well qualified for a position of trust with the United States government.

b6 b7C b7D [REDACTED] recalled that in November, 1944, he and Rockefeller made an official visit to Ciudad, Trujillo, Dominican Republic,

[REDACTED] openly and publicly snubbed Mr. Rockefeller, which action led officials of the Dominican Republic to also snub Mr. Rockefeller and thereby cause him considerable embarrassment and difficulty. According to [REDACTED], this behavior on the part of [REDACTED] was entirely unnecessary and unbecoming [REDACTED]

He explained that it was entirely possible that some Communists could have been employed in the Office of Inter-American Affairs during Rockefeller's tenure as Coordinator, however Rockefeller did not have any personal control over hiring any employees except those closely associated with him. He said further that Rockefeller would never knowingly hire or condone the hiring of anyone who was a Communist, or was affiliated with or interested in Communism.

Government Agency Checks. The records of the following Federal government agencies contained no unfavorable information concerning the Appointee:

United States Civil Service Commission.
Passport Files, United States Department of State.
Central Intelligence Agency.

Security Division, United States Department of State.
Office of Special Investigations, Department of the Air Force.
Office of Naval Intelligence, Department of the Navy.
G-2, Department of the Army.

Relatives. Individuals interviewed during the course of the inquiry concerning Nelson Aldrich Rockefeller who were acquainted with his immediate family and close relatives regarded them as individuals of good character, loyalty, and associates.

Applicant-type investigations were conducted concerning Governor Rockefeller in 1950, 1952, and 1969. During those investigations more than 100 persons, including Governor Rockefeller's professional associates and social acquaintances, were interviewed. They commented favorably concerning his character, loyalty, reputation, and associates, and described him as an outstanding administrator and astute businessman who is intelligent, conscientious, hardworking, and capable. He was further described as a man of unquestioned integrity and great vision, and a dedicated public servant. Governor Rockefeller was said to have extensive holdings in Venezuela and he was described as an expert on Latin American affairs.

During the 1952 investigation of Governor Rockefeller, one individual, [REDACTED] requested anonymity, advised he had known Governor Rockefeller, principally as a business associate, since [REDACTED]. He described Governor Rockefeller as a ruthless and ambitious person and said, when his ambitions were thwarted by anyone, he had no hesitancy in attempting to ruin that individual's career. He added that, in his opinion, Governor Rockefeller had no organizational ability, was a difficult man to work for, and was a demanding egocentric. During the 1969 investigation, the same individual advised that, although Governor Rockefeller had the reputation of being an expert on South American matters, he felt Governor Rockefeller did not really know what was going on in South America. This individual declined to recommend Governor Rockefeller for a position of responsibility with the Government.

All other persons interviewed during the investigations of Governor Rockefeller recommended him for a position of trust and confidence.

The Watergate Special Prosecution Force (WSPF) and Office of Counsel to the President furnished information to this Bureau on August 11 and 13, 1974, respectively, alleging that one [REDACTED] of Washington, D. C., possessed knowledge of information detrimental to Governor Rockefeller.

General Alexander M. Haig, Jr.

[REDACTED] who was identified and located by the FBI, related to the WSPP on August 12, 1974, that [REDACTED] told [REDACTED] and that he had secreted in a safe deposit box in [REDACTED] under [REDACTED] name, certain documents which belong to E. Howard Hunt. These documents allegedly stated Governor Rockefeller contributed funds to the McGovern Campaign and had hired thugs to disrupt the Democratic Convention if McGovern was not nominated.

b7c
b7d

FBI investigation identified the [REDACTED] of [REDACTED] and located two safe deposit boxes which are rented to members of [REDACTED] family. [REDACTED] and the safe deposit box holders denied knowledge of any such papers and a consent search of the boxes disclosed nothing beyond personal papers.

The WSPP is in possession of all details of the aforementioned matter and is currently deciding what, if any, further grand jury or investigative action is warranted.

During the current limited inquiries, twenty-one established sources of the New York City and Albany, New York, offices of the FBI were contacted. They furnished favorable comments concerning Governor Rockefeller and advised they are aware of nothing which should preclude his appointment to a position of responsibility with the Government.

One established source, who advised he is not personally well acquainted with Governor Rockefeller, said he has heard rumors concerning Governor Rockefeller's "extramarital affairs," but feels they are unfounded. He stated he is of the opinion Governor Rockefeller would be an excellent Vice President due to his proven administrative abilities and the work he has done for New York State. This individual advised the only reservation he has concerning Governor Rockefeller is his own personal preference for a person like Barry Goldwater, United States Senator from Arizona, who "made it in politics on his own and was not born with a silver spoon in his mouth."

General Alexander H. Haig, Jr.

The central files of the FBI, including the files of the Identification Division, contain no additional pertinent information concerning Governor Rockefeller.

The limited inquiries currently conducted consisted of discreet contacts with established sources and do not constitute a full field investigation.

Sincerely yours,

Mr. Rockefeller was interviewed by Special Agents [REDACTED] and [REDACTED] during a 1 hour and 22 minute flight from Washington, D. C., to Bar Harbor, Maine, on his private jet. Mr. Rockefeller was completely cooperative and forthright. He advised he would make anything and everything the FBI desired available.

Mr. Rockefeller was informed of the scope of the investigation to be conducted by the FBI, which would involve all facets of his personal and financial life.

b7c
He advised that he was aware that a thorough investigation would be conducted and that he had no reservations whatsoever. The topic of his divorce was discussed and he said that the matter had been thoroughly reviewed on several occasions in prior campaigns and he did not anticipate or know of any problem that could arise from this matter. He stated he considered the interview of his former wife as appropriate and anticipated no problem as she was a very fine woman. He requested, however, that no question be put to her concerning the financial settlement that resulted from their divorce. He stated she is very sensitive about the settlement, and the divorce included a stipulation, which he agreed to, that the financial arrangement would not be made public. He did not care, himself, but was concerned for her sake that such information would not be released. He was advised that the FBI at this point did not consider such information as pertinent to their investigation. He requested that the Agents who contact his former wife advise her that he had raised the topic of the negotiated settlement not being divulged and that he was living up to the agreement. He also requested that the Agents advise her that it would not be necessary to go into that facet of the divorce.

Memorandum to Mr. Cleveland
RE: NELSON ALDRICH ROCKEFELLER
VICE PRESIDENT - DESIGNATE
SPECIAL INQUIRY

Mr. Rockefeller asked if [redacted] would be interviewed. He was advised that presently such an interview was not planned; however, the possibility did exist that we may desire to interview him in the future. He stated he had no objection to such an interview; however, he would like to be contacted beforehand so that he could advise [redacted] who would advise [redacted] the FBI planned to interview him. He was advised that the FBI would notify him prior to any interview of [redacted]. He stated that he was unaware that the court records were sealed with regard to his divorce, but he would not hesitate to sign a waiver to open them and he felt sure his ex-wife would also sign such a waiver. He identified the attorneys for himself and his ex-wife and stated he would advise his attorneys to be completely candid if and when interviewed by the FBI. New York plans to contact Mr. Rockefeller's attorney.

b7C

Mr. Rockefeller was requested to mentally search his background and past for the purpose of determining if there is anything that could be a problem or possible embarrassing situation that he desired to voluntarily furnish to the FBI so that our investigation could set forth the facts. He was also advised that any rumors or gossip received by the Bureau during the investigation would be furnished to him for the purpose of obtaining his explanation in addition to any investigation conducted with regard to such matters. He advised that there was nothing in his past that concerned him and appreciated the opportunity to answer any rumors or gossip which may develop. He stated that he would be and is most appreciative of a thorough investigation as he knew his entire life would now be under scrutiny, and he did not desire that any unfounded allegations surprise him during the confirmation hearings.

He advised that he is in excellent physical condition and he has already authorized his doctor to furnish the FBI any information requested.

Memorandum to Mr. Cleveland
RE: NELSON ALDRICH ROCKEFELLER
VICE PRESIDENT - DESIGNATE
SPECIAL INQUIRY

During the interview [redacted] was present. Mr. Rockefeller identified him as the individual who would act as a liaison with the Bureau for any request they have from him. [redacted] is known to the ADIC, New York Office, as a good friend of the Bureau. Mr. Rockefeller was advised that all requests for personal contact with him would be handled through [redacted]. b7C

When given the opportunity, Mr. Rockefeller identified five individuals he considered close personal friends that he felt should be interviewed and included in the investigative reports. Leads have been given to the New York Office to interview these people.

With regard to his finances, Mr. Rockefeller stated that he once again would make anything and everything the FBI desired available. He has very little to do with the management of his personal finances and he said activities on his part along this line were close to zero. His funds are handled by an office set up to handle the entire finances of the Rockefeller family, which include some 70 individuals. This office maintains a separate set of books for him and the individual who could answer and furnish all financial information was [redacted]. He stated that he felt people would be quite surprised when they find out that his finances are not as large as have been reported by the media. NY

He stated that he had one item that was of concern to him and that was he had set up several trusts for his children. These trusts are in varying amounts. The children do not know the amounts of each other's trusts and he would not like such information to be divulged. He was advised that in view of the fact he received no income from these trusts nor were they assets that would appear on his own financial worth statement, it was felt at this point there was no need for such information to be set forth. Under current plans the detailed finances of his children and brothers are not going to be reviewed, although pertinent information had been requested with regard to [redacted]. He was advised and stated he was well aware that one of the main purposes of the financial review would be for potential or existing conflict of interest problems, and should the investigation necessitate any review of his children's finances he would be contacted beforehand.

Memorandum to Mr. Cleveland
RE: NELSON ALDRICH ROCKEFELLER
VICE PRESIDENT - DESIGNATE
SPECIAL INQUIRY

He was furnished with specifics as to what financial information was desired and [redacted] stated this would be promptly forwarded to New York City. It was later determined that they felt this information would be available on Monday or Tuesday of next week.

A copy of a "Liberty Lobby" advertisement listing the name [redacted] which listed some five items that President Ford was requested to consider prior to the appointment of Mr. Rockefeller was shown to him and he was advised that our investigation would include developing information concerning the allegations set forth. He stated he had not seen it and neither had the staff members present. He requested that a copy be furnished to him and he advised his staff would make available all information in his records for review to resolve the allegations set forth. He chuckled and said that one of the allegations alluded to the family holdings in the Standard Oil Company, which he advised he believed was less than 1 percent. b7c

He reiterated that he had very little to do with his personal finances and stated he hasn't written a check in 40 years, at which time [redacted] added "and you never have any cash in your pocket either." He laughed and stated "that's true." He receives a monthly statement from the family office setting forth receipts and disbursements and other financial information, the review of which is probably the full extent of his own activity concerning personal finances. He does occasionally receive telephone requests for approval of certain transactions, but in most instances completely relies on his staff to handle the finances.

Arrangements have been made to meet with accounting personnel on Mr. Rockefeller's staff Friday afternoon to set forth and go over the specific information needed by the Bureau to insure there has been no misinterpretation of the FBI request forwarded from Maine by [redacted]

[redacted] After the meeting this afternoon at 2:00 p.m. with accounting personnel, the Bureau will be advised when the additional accounting personnel should report to New York City.

United States Senators [REDACTED] both recommended Governor Rockefeller as did other leaders of the Senate and the House of Representatives who were interviewed. Some stated that although they have had political differences with Governor Rockefeller they feel he is a good choice for the position of Vice President.

Several Democratic Representatives in the New York Delegation either declined to recommend Governor Rockefeller or indicated reservations in recommending him based primarily on his actions while serving as Governor of New York. Alleged excessive campaign expenditures on his part and his handling of the riot which occurred at the Attica Prison, Attica, New York, in 1971, were among those matters most frequently mentioned by Governor Rockefeller's critics.

Some New York State legislators as well as prominent New York citizens (a distinct minority of those interviewed), criticized Governor Rockefeller for his stand in favor of liberalized abortion laws; the alleged excessive spending of State funds under his administration; the high taxes in the State of New York; his divorce and subsequent remarriage; his alleged misuse of executive power in getting his programs passed; his handling of the Attica Prison uprising; his advocacy of stiff sentences for drug violations; and his alleged insensitivity to the needs of welfare recipients.

In August, 1974, information was received from the Watergate Special Prosecution Force that certain documents belonging to E. Howard Hunt were secreted in a safe-deposit box [REDACTED]. These documents allegedly stated

b7D Governor Rockefeller contributed funds to the Presidential campaign of George McGovern, United States Senator from South Dakota, and had hired thugs to disrupt the Democratic Convention if Senator McGovern was not nominated. Investigation did not substantiate this allegation and the Watergate Special Prosecution Force has requested no further investigation of the matter.

Due to the necessity for Governor Rockefeller's staff to compile extensive financial information in New York City for our accountants, which Governor Rockefeller desires to personally approve, investigation into his financial background has only just begun and will be completed as quickly as possible.

The foregoing should not be considered a complete summary of the investigation of Governor Rockefeller to date but is set forth to give you a general idea of the results of our investigation. Investigation is continuing, the results of which will be furnished to you as quickly as possible.

The vast majority of persons interviewed thus far have furnished highly favorable comments concerning Rockefeller and they feel President Ford made an excellent choice. Of course, there are numerous individuals who are opposed to Rockefeller's nomination, many for purely political reasons.

Governor Rockefeller was born on July 8, 1908, in Bar Harbor, Maine. He was graduated cum laude from Dartmouth College in 1930, receiving an A.B. degree. He and Mary Todhunter

The following interview of the nominee, NELSON ALDRICH ROCKEFELLER, was conducted by SA's [REDACTED] and [REDACTED] on September 3, 1974.

ABORTION LEGISLATION

WFO 161-5674

ROCKEFELLER advised New York State, at the time he became Governor, had very archaic abortion laws which limited legal abortions primarily to the situation where the life of the mother was threatened. There was a history of numerous illegal abortions particularly among the poor and very often with tragic results. ROCKEFELLER created a special commission to study reform measures concerning these archaic abortion laws. The Governor was in the process of preparing recommendations to the State Assembly which would have expanded justification for abortions but would have been a rather moderate bill. At this time in the State Senate a bill was proposed to authorize abortions in any case up to the twentieth week of the pregnancy. ROCKEFELLER believed this bill was proposed in the Senate in order to kill all legislation on abortions including his modified proposal. To the surprise of many people including himself, the Senate bill passed. ROCKEFELLER signed this bill.

Subsequently the State Legislature attempted to reverse their position on abortion by passing a very restrictive law. ROCKEFELLER vetoed this bill. He advised he felt the majority of the criticism concerning the abortion laws presently on the books in New York came from religious leaders. ROCKEFELLER pointed out since the passage of the New York bill presently in effect, the Supreme Court has ruled on abortion along the same lines as the New York law.

WFO 161-5674

ALLEGATIONS REGARDING ROCKEFELLER'S
OFFICIAL DECISIONS AS GOVERNOR

Doctor PETER D. BETTER - Mrs. LOUISE A. BOYER

ROCKEFELLER was questioned as to his knowledge of the charges of Doctor PETER D. BETTER regarding international speculators looting Fort Knox of its gold. A copy of an article appearing in "The National Tattler" which is enclosed as Exhibit A, was displayed to ROCKEFELLER which sets out in detail these charges. ROCKEFELLER advised he was not acquainted with Doctor BETTER and this was the first he had ever heard of this charge. He advised to his knowledge there has never been any ROCKEFELLER involvement in any way regarding the gold in Fort Knox. ROCKEFELLER was not aware United States Representatives JOHN R. RARICK, Louisiana, and PHILIP M. CRANE, Illinois, were reportedly looking into this matter.

ROCKEFELLER was questioned as to his knowledge of the article appearing in "The National Tattler" regarding Mrs. LOUISE A. BOYER. He advised Mrs. BOYER was his Administrative Assistant in his office at Rockefeller Plaza and had worked for him and other members of the ROCKEFELLER family for approximately 40 years. He stated he had always been very closely associated with Mrs. BOYER. ROCKEFELLER hired her first husband as a real estate salesman in approximately 1933. Mrs. BOYER's first husband was killed in World War II. ROCKEFELLER set up trusts for Mrs. BOYER's two sons by this first marriage for their education. She subsequently married ALSTON BOYER who worked for LAURANCE ROCKEFELLER. Mrs. BOYER's husband, ALSTON, died of cancer some years ago. ROCKEFELLER pointed out that at the time of Mrs. BOYER's death she suffered from cancer of the face and also had heart trouble.

ROCKEFELLER advised that Mrs. BOYER died from a fall from her tenth floor Manhattan apartment window and it was ruled suicide. He advised no autopsy was performed. He feels there is a strong possibility since there was no air conditioning in the apartment she accidentally fell from the window or suffered a heart attack. He stated both his wife and himself were both shocked and saddened by her death. ROCKEFELLER strongly questioned the accusation in the publication "The National Tattler" that Mrs. BOYER was an informant who furnished information concerning the Fort Knox gold allegation.

WFO 161-5674

[REDACTED]

ROCKEFELLER was informed of the accusation that he had a conference and had his picture taken with a narcotics law violator, [REDACTED] It was also pointed out [REDACTED] reportedly bragged about a photograph taken with the nominee. ROCKEFELLER advised the name [REDACTED] means nothing to him.

b7c [REDACTED] Attorney, informed ROCKEFELLER that [REDACTED] matters and it was believed [REDACTED] was one of the individuals in a photograph taken with several [REDACTED] union members in a [REDACTED] ROCKEFELLER recalls having a picture taken at the request of the [REDACTED] union for such a picture and possibly [REDACTED] was one of the individuals in attendance. ROCKEFELLER denied ever meeting with [REDACTED] or having a personal picture taken in his, ROCKEFELLER's, office.

PERRY DURYEA

ROCKEFELLER advised he was very familiar with the accusations leveled at him regarding the indictment of PERRY DURYEA, in 1973. He informed DURYEA was indicted by a New York State Grand Jury for a campaign law violation. This was a misdemeanor charge. ROCKEFELLER advised the indictment was later dismissed as the statute was held unconstitutional by the New York State Courts. The alleged violation involved DURYEA's failure to identify on campaign literature the individual or organization who paid for the printing and distribution of the material. ROCKEFELLER advised he was accused of instituting this charge against DURYEA so as to eliminate DURYEA as a candidate for Governor.

ROCKEFELLER advised there is absolutely no truth to these accusations. DURYEA has always been a very close friend. They have worked extremely well together on numerous legislative matters. ROCKEFELLER advised he had been unaware of this charge against DURYEA until he was informed of the matter by [REDACTED]

b7c
Upon being advised of this charge, ROCKEFELLER immediately informed the Speaker of the Assembly. Subsequently the State Attorney General turned the charge over to the District Attorney for prosecution. ROCKEFELLER was not involved in the matter in any way. He stated it was the saddest thing to happen to him in his 15 years as Governor of New York. ROCKEFELLER does not feel DURYEA has harbored any ill feelings toward him regarding this matter, but is fully aware DURYEA's wife is most critical of him and feels he, ROCKEFELLER, engineered this indictment.

WFO 161-5674

ARTHUR O. EVE - New York State Assemblyman,
Impeachment Proceedings

ROCKEFELLER was informed of a resolution introduced into the New York State Assembly in 1972 calling for his impeachment as Governor of the State of New York. This resolution was offered by ARTHUR O. EVE, New York State Assemblyman.

ROCKEFELLER advised EVE was critical of his handling of the Attica Prison uprising and also the residency requirement for welfare recipients.

ROCKEFELLER described EVE as a very "radical" Assemblyman who was responsible for paying the expenses of Black Panther BOBBY SEALE to proceed to Attica at the time of the uprising.

ROCKEFELLER advised he does not believe there was any basis for impeachment and the Legislature has taken no action on this resolution. Since he has resigned as Governor this has become a moot question.

WFO 161-5674

[REDACTED] New York State Senator

b7c

ROCKEFELLER was informed of an accusation that he had used his influence to obtain cheap leases on sections of the Adirondack Preserve for some of his friends. ROCKEFELLER was dismayed at this accusation and could not understand the content of the accusation. He pointed out the Adirondack Preserve was developed as a state park. Rockefeller never had any control over it as regards the leases.

[REDACTED] Interfaith Hospital of Queens

b7c

ROCKEFELLER advised he was very familiar with the Interfaith Hospital [REDACTED]. He pointed out this hospital was the last total "Black" hospital in the City. During the late 1960's the hospital was in financial trouble, and through various State offices, every attempt was made to keep this hospital open. He advised [REDACTED] is a very brilliant doctor, but apparently a very poor administrator. ROCKEFELLER advised he was aware numerous deficiencies were alleged regarding the operation of the hospital during an investigation by the State Department of Health in 1972 and 1973. ROCKEFELLER did not know the final results of the investigation. He stated this matter was handled completely by the Department of Health without any personal recommendations from him concerning the continued operation of the hospital or its closing.

N.Y.

ROCKEFELLER was informed that an individual by the name of [REDACTED] over the past approximately 18 years, has publicly carried on a personal crusade to protect the rights of individuals and has on occasion criticized ROCKEFELLER for such official matters as conflicts of interest regarding personal holdings in insurance companies, namely the Continental Insurance Company, rate increases for Consolidated Edison; and alleged illegal land acquisitions in the Adirondack Preserve.

b7c

ROCKEFELLER advised [REDACTED] name is not familiar to him, nor does he ever remember meeting him. He advised to his knowledge he has no stock in the Continental Insurance Company. He denies any illegal manipulation of rate increases in the public utilities in New York State. He pointed out over the years criticism from various individuals has come to his attention as to his leadership as Governor, primarily on political grounds. ROCKEFELLER had no further comment concerning [REDACTED] accusations as he considers them unfounded.

WFO 161-5674

ATTICA PRISON UPRISING

WFO 161-5674

ROCKEFELLER advised he was fully aware of the criticism leveled at him concerning the Attica Prison uprising regarding his failure to make a personal appearance at this institution. Prior to the uprising a commission had been formed by him to study a request to double the guard force at Attica. It was at this time that the uprising took place. When he was informed the prisoners had taken hostages, he made it clear he would not deal with the prisoners as long as the prisoners held these hostages. Unknown to him, the State Corrections Commissioner began negotiations with the inmates who held approximately 40 hostages under threat of death. ROCKEFELLER was not in favor of negotiating, but in order to support his Corrections Commissioner, he proceeded, through his representatives at the prison, to pursue the negotiations. The inmates listed approximately 28 demands which were agreed to by Governor ROCKEFELLER. Subsequent to this agreement, the inmates demanded two additional items, namely, total amnesty and asylum to a nonimperialistic country. The Governor stated he could not, nor would he, grant total amnesty or asylum. He publicly stated his refusal to proceed to the prison while the hostages were held.

ROCKEFELLER was emphatic in his statement that the Chief Executive Officer of a state or nation should not succumb to an inmate demand to appear in person when hostages are involved. This would set a precedent for all future prison riots. Subsequent to the ROCKEFELLER statement of refusal to appear at Attica, the Corrections Commissioner recommended retaking the prison. Governor ROCKEFELLER instructed the state police to take the prison with no unnecessary force. Unfortunately violence broke out and a number of hostages and inmates were killed. He is confident he made the proper decision in this matter and in the event of another prison riot, if he were Governor, he would proceed along the same lines.

ROCKEFELLER also noted that this matter became highly politicized to the point numerous individuals became involved in this matter for their own personal political ambitions. It created a platform for criticism of the Governor. He advised that while he personally did not

161-5674

appear at the prison, several of his aides, including the Corrections Commissioner, were there during the entire time of the uprising. Governor ROCKEFELLER was kept completely informed of the situation at all times.

WFO 161-5674

BANK LOANS FOR POLITICAL CANDIDATES

WFO 161-5674

ROCKEFELLER was informed accusations had been made to the effect he, ROCKEFELLER, signed notes for local and state political candidates at the Chase Manhattan Bank, where his brother, DAVID, is Chairman. It was alleged in case of default of any of these notes, ROCKEFELLER would pay the note and deduct the amount from his income tax.

ROCKEFELLER advised over the years he has established a firm policy that he will never loan money to individuals except through bank notes. He does not recall having ever loaned funds to any political candidate. In the event his recollection is in error, his personal financial statement and tax returns should reflect these notes. He does recall charging off unpaid notes as bad debts on his income tax return. He emphasized all financial matters of which he is a part including personal loans are discussed with his personal counsel.

ROCKEFELLER advised on numerous occasions over the years he has made gifts to individuals and organizations which were reflected in his financial statements. He stated there was a possibility these gifts were confused with loans thereby creating the basis for the accusations.

WFO 161-5674

FISCAL POLICY - NEW YORK STATE

WFO 161-5674

ROCKEFELLER was informed many accusations have been leveled at him regarding the handling of his fiscal policies as Governor of New York State. Specifically, such items as the South Mall, Albany, New York; express thruways; and New York State income taxes were included.

ROCKEFELLER advised politics are deeply imbedded in this matter and many criticisms have come from the Democrats in the State Legislature because they disagreed with his proposed policies. He advised when he took office as Governor some 15 years ago, New York State was classified as having a "mature economy" which he considered decadent. His primary purpose as Governor was to rebuild New York in regard to its physical plant on a pay-as-you-go basis. He had a firm belief at that time that the people who use State facilities should be the one to pay for them and not all the taxpayers as a whole. In order to accomplish this, he used the "scheme" of establishing authorities for particular rehabilitation projects. He established a housing finance corporation to loan money to private sponsors on a nonprofit basis for low income housing. He also proposed housing bonds for low cost housing, but noted the housing bonds were defeated.

ROCKEFELLER advised he has never circumvented the New York State Constitution for the purpose of public building, and that all "authorities" established were approved by the State Legislature. Each one of the authorities established was given authority by the Legislature to raise its own funds secured by the revenues available to the authority.

As regards the "Albany Mall", the construction of these buildings was financed by a county authority under a lease purchase arrangement whereby the State would pay rent for the office space. He pointed out the ground on which the Mall now stands was a depressed slum area when the State bought this land. There was a commission established to relocate the residents of this area in better housing. The occupants of the homes in this area agreed to this plan and the Governor's office received virtually no criticism on this point.

WFO 161-5674

ROCKEFELLER advised he considers this method of construction, including public building, express thruways, and schools as a very valid approach which has proved extremely successful. He advised these authorities have been managed on a sound financial basis and he has not betrayed the people's trust. He pointed out there has been no default on any of the bonds issued on any of the construction items as mentioned. He advised from a political standpoint the State Legislature consisted of a Democratic Party majority that overwhelmingly approved these authorities as recommended by a Republican Governor.

ROCKEFELLER advised he is aware of the criticisms leveled at him regarding the high taxes of New York State, but pointed out New York State returns two thirds of every tax dollar it collects to support the cost of local government. He advised the principle areas where state spending increased were in education, health, and welfare. He stated the Federal Medicare Program and the federally mandated welfare benefits have caused tremendous increases in taxes to pay for these programs.

ROCKEFELLER advised he believes New York State has a sound fiscal policy and he stands behind his decisions without excuses. He pointed out many of these criticisms leveled against him are based on philosophical or political opinions, and are subject to individual interpretations.

WFO 161-5674

PERSONAL LIFE

WFO 161-5674

ROCKEFELLER advised he has no statement to make regarding the details of his divorce from his first wife and his subsequent remarriage. He advised the details are a matter of public record in the divorce proceedings filed with the court.

WFO 161-5674

POLITICAL FAVORITISM

CHARLES STOCKMEISTER

ROCKEFELLER advised STOCKMEISTER was formerly a Democratic Legislator in the New York State Assembly. He characterized him as a very brilliant, honest, highly capable individual. ROCKEFELLER stated he was searching for an individual to fill a position on the State Civil Service Commission, a vacancy which required a Democrat by State regulation. He selected STOCKMEISTER as the individual for this position based on STOCKMEISTER's qualifications and party affiliation.

b7c

ROCKEFELLER advised there was a rumor circulating to the effect he appointed STOCKMEISTER as a political maneuver because STOCKMEISTER had bolted his party's leadership on a vote on a state sales tax increase. There was animosity on the part of many of the legislators on the Democratic side due to STOCKMEISTER's vote on this issue. ROCKEFELLER emphatically denied appointing STOCKMEISTER to this position on the State Civil Service Commission because of STOCKMEISTER's affirmative vote on the sales tax issue.

ROCKEFELLER advised over the years he frequently appointed legislators to executive positions because of their qualifications and administrative ability. These appointments have included Democrats and Republicans. He based the appointments on the individual's qualifications to hold a particular post. If there had been any question of the legality of any of these appointments, law suits could have been instituted objecting to the appointments. To his knowledge, there have never been any such law suits.

WFO 161-5674

1

ROCKEFELLER was informed an accusation existed regarding the appointment of [REDACTED]

[REDACTED] It was alleged [REDACTED] who was formerly a New York State Assemblyman, was given this appointment to eliminate his, [REDACTED] candidacy against [REDACTED] whom he was opposing in the race for state senator.

b7C
ROCKEFELLER advised there is no truth to the allegation that he exercised political favoritism in the appointment of [REDACTED]. He stated this was a matter similar to the appointment of STOCKMEISTER and in his opinion, [REDACTED] was the most qualified man for the position and therefore he, [REDACTED] received the appointment. There was absolutely no collusion on the part of ROCKEFELLER and [REDACTED] in connection with the appointment of [REDACTED]

WFO 161-5674

POLITICAL PATRONAGE -
STATE JUDGESHIP APPOINTMENTS

WFO 161-5674

67C

ROCKEFELLER advised in 1973, he took an extremely strong stand against narcotics pushers and users in New York. He recommended legislation which required life imprisonment for major drug offenders. Part of the legislative program was authority to appoint approximately 100 new judges to handle these cases. In addition, this legislation provided for all the administrative offices connected with these judgeships including the prosecuting attorneys and the clerical staff required. There was stiff opposition to this narcotics law, but it was subsequently passed and signed by the Governor. From the time of the enactment of the law to the time he, ROCKEFELLER, resigned as Governor, he appointed approximately 12 to 15 new judges. He was unable to appoint additional judges due to lack of physical facilities. He pointed out several of the judges were appointed to the State Court of Claims because under state regulation, he, as Governor, had the authority to assign criminal cases to these courts. The other courts are restricted by law to handle only certain types of cases.

ROCKEFELLER advised the appointment of these judges was certainly not a matter of political patronage but based on the need to create courts to handle the drug violators under the new drug law. ROCKEFELLER noted that Governor WILSON, at the present time, is continuing to appoint new judges under this program.

WFO 161-5674

WELFARE POLICIES

b7c

ROCKEFELLER advised he is fully aware of the many criticisms regarding his handling of the New York State Welfare Program. At the beginning of his administration as Governor, he was deeply concerned over the plight of the poor people in the State. He took a very compassionate view of this situation and desired to provide a welfare program so that the recipients could live with dignity under such a program. ROCKEFELLER pointed out New York City had the highest cost of living in the country and therefore, the welfare payments were extremely high in comparison with other parts of the country. ROCKEFELLER advised he went along with the general national policy of granting unrestricted welfare benefits so the recipients would be free to use the funds as needed. He noted the cost to the State for welfare increased from 400 million dollars to 4 billion dollars a year.

It was brought to his attention that there were many abuses of the Welfare Program. Also, many families were moving into the New York City area for the express purpose of going on welfare.

In order to combat these abuses, ROCKEFELLER established a Social Welfare Board, which is approved annually by the State Legislature. This Board requires the recipients of welfare payments to appear at the State Unemployment Office each month to receive benefits. Also, each year, each recipient must face a member of the Welfare Board for interview as to his personal needs for welfare. After this program was instituted, 23 percent of the New York City population which was on welfare failed to report to the Unemployment Office for welfare funds. Also, there was a reduction of nine percent based on the interview requirement. He advised he continues to have a deep concern for individuals unable to work who have a genuine need for financial aid. He believes that at the present time, New York State has a sound welfare program. He noted the Social Welfare Board presently in existence in New York State does not come under the direct responsibility of the Governor.

In connection with the Welfare Program, ROCKEFELLER attempted to stem the flow of indigent people to New York

WFO 161-5674

b7c

City by establishing a one-year residency law. The year's residency legislation recommended by ROCKEFELLER was passed by the State Legislature, signed by the Governor, but was subsequently declared unconstitutional by the United States Supreme Court.

ROCKEFELLER advised it is rather ironic that at the outset of his administration, he was accused by many people of being too liberal as regards the Welfare Program and during the latter years of his administration, he was criticized for establishing a strict Welfare Program.

The nominee's name was checked against the records of the Identification Division of the Federal Bureau of Investigation and no arrest record was found.

The Attorney General

In the late 1960s there was much criticism of the administration of an all-black hospital in Jamaica, New York, indicating it did not come up to the standards for Medicaid funds. It was alleged that members of Governor Rockefeller's staff saw to it that the hospital continued to be certified for Medicaid funds, even though it was substandard, due to the political influence [REDACTED]

[REDACTED] Investigation indicates that while the hospital continued to be certified for such funds although it was substandard, this was apparently done as it was felt the community would severely suffer from the closing of this hospital.

The report of SA [REDACTED] dated August 26, 1974, at Dallas, Texas, a copy of which was furnished to you by referenced memorandum, contains information concerning [REDACTED] who has been critical of members of the Rockefeller family for their alleged actions in a merger in 1961 of the Sabre-Pinon Corporation and the United Nuclear Corporation. [REDACTED] has now written Senator Howard W. Cannon, Chairman of the Senate Committee on Rules and Administration, demanding to testify during Governor Rockefeller's confirmation hearings. Included in the attached are copies of additional material with regard to [REDACTED] including copies of his recent correspondence as well as copies of some of his past correspondence. You are also being furnished the results of an interview with Governor Rockefeller on September 5, 1974, during which he indicated he has never heard of [REDACTED] or the two corporations mentioned by him. Governor Rockefeller advised he is having his staff check for any possible past dealings with [REDACTED]
b7D

The aforementioned interview with Governor Rockefeller, as well as an interview with him on September 3, 1974, covers his comments regarding various other matters which have arisen during the investigation. These matters include such items as his stand on abortion, criticism of his official decisions as Governor, the Attica uprising, charges of political favoritism and misuse of patronage, and his policy on welfare.

A check of appropriate records pertaining to Governor Rockefeller's real estate holdings known to date has disclosed no information indicating any restrictive covenants pertaining to race, color, or creed.

The Attorney General

The foregoing should not be considered a complete summary of the results of investigation of Governor Rockefeller to date. It supplements the information in my memorandum dated September 3, 1974, and is set forth to give you a general idea of the results of our investigation. Investigation is continuing, the results of which will be furnished to you as quickly as possible.

For your information, it is contemplated the financial phase of this investigation will be completed on September 14, 1974, and the results will be furnished to you during the week of September 16, 1974.

Dear General Haig:

Reference is made to my letter dated September 3, 1974, which furnished you the partial results of investigation concerning Nelson Aldrich Rockefeller, former Governor of New York and Vice President Designate. Enclosed herewith are the results of additional investigation concerning Governor Rockefeller, the results of which are also being furnished to the Attorney General and the Deputy Attorney General.

Summarizing generally, we have interviewed eighty-eight additional persons, most of whom have furnished favorable comments concerning Governor Rockefeller. We have interviewed [REDACTED] who declined to make any comment. The sealed divorce records pertaining to Governor Rockefeller's first marriage have been reviewed in Reno, Nevada, and they contain no derogatory information.

It has been established that a resolution was introduced in the New York State Assembly in January, 1972, calling for the impeachment of Governor Rockefeller due to his actions with regard to the Attica Prison revolt in September, 1971. The resolution was never brought to the floor and no vote was taken concerning that matter. Several allegations have been made that Governor Rockefeller misused his executive powers as Governor to influence legislation by rewarding individual legislators through appointments or political patronage. Investigation did not substantiate these allegations.

[REDACTED] has now written Senator Howard W. Cannon, Chairman of the Senate Committee on Rules and Administration, demanding to testify during Governor Rockefeller's confirmation hearings. Included in the attached are copies of additional material with regard to [REDACTED], including copies of his recent correspondence as well as copies of some of his past correspondence. You are also being furnished the results of an interview with Governor Rockefeller on September 6, 1974, during which he indicated he has never heard of [REDACTED] or the two corporations mentioned by him. Governor Rockefeller advised he is having his staff check for any possible past dealings with [REDACTED]

The aforementioned interview with Governor Rockefeller, as well as an interview with him on September 3, 1974, covers his comments regarding various other matters which have arisen during the investigation. These matters include such items as his stand on abortion, criticism of his official decisions as Governor, the Attica uprising, charges of political favoritism and misuse of patronage, and his policy on welfare.

A check of appropriate records pertaining to Governor Rockefeller's real estate holdings known to date has disclosed no information indicating any restrictive covenants pertaining to race, color, or creed.

General Alexander M. Haig, Jr.

The foregoing should not be considered a complete summary of the results of investigation of Governor Rockefeller to date. It supplements the information in my letter dated September 3, 1974, and is set forth to give you a general idea of the results of our investigation. Investigation is continuing, the results of which will be furnished to you as quickly as possible.

At 4:15 p.m. today John Duffner of the Deputy Attorney General's Office called SA [REDACTED] and advised that Assistant Attorney General W. V. Rakestraw had received a call from the Counsel of the House Committee on the Judiciary who requested to know when the Bureau would complete the investigation of Rockefeller. Mr. Duffner stated they would like to know when we would complete the background phase of the investigation and the financial phase.

After checking, SA [REDACTED] advised Duffner that we plan to complete the investigation by 9-14-74, and the results would be disseminated the following week of 9-16-74. Duffner commented that therefore it would be safe to state that after the 16th the Department would have the reports. [REDACTED] advised him that that was not necessarily true and that after the investigation was complete on 9-14-74 the results would have to be thoroughly checked and doublechecked and that we could only say that the results would be disseminated some time during the week of 9-16-74.

The inquiry into Governor Rockefeller's finances developed no major inconsistencies. It appears that his financial affairs are being handled in a very conservative manner and inquiry supports his claim that he personally has little to do with the management of his finances.

Referred

A review of campaign finance material furnished disclosed that the major source of campaign contributions was his family as evidenced in the 1970 Gubernatorial campaign when two committees received contributions of \$6.5 million of which \$4.9 million came from his family. No problems were located as a result of interviews and record reviews conducted concerning campaign financing.

In furnishing the Statement of Net Worth on September 19, 1974, Governor Rockefeller's representatives advised that they plan to furnish additional financial information, described as explanatory notes and trust information, to the FBI and to the Senate Committee on Rules and Administration on September 21, 1974. They advised that this information will not add anything to that which they have previously furnished to the FBI.

With regard to the background investigation of Governor Rockefeller, inquiry indicates that on September 13, 1974, a class action was filed against Governor Rockefeller and other New York State officials claiming violation of Federal constitutional rights and seeking damages in the amount of \$100 million. The plaintiffs in this action were incarcerated in the Attica Prison during the uprising there in September, 1971. That action is presently pending.

Investigation further indicates that during the 1970 Gubernatorial election campaign a book entitled, "Arthur Goldberg, the Old and the New," was published which concerned

Ambassador Arthur J. Goldberg who was Governor Rockefeller's opponent in that campaign. [REDACTED] that the book contained libelous and unfounded statements [REDACTED] and disappeared from publication immediately after the election.

[REDACTED] further advised [REDACTED] that the Governor is quite concerned about this matter due to accusations made by Senator Harrison A. Williams, Jr., of New Jersey, to the effect that the Governor lied to the FBI.

[REDACTED] also stated that [REDACTED]

[REDACTED] is contemplating a detailed article in the near future concerning this matter. [REDACTED] said it is felt that Senator Williams will attempt to further publicize this matter and Governor Rockefeller feels it should be resolved. [REDACTED] also said it may become necessary

for [REDACTED] to contact Senator Williams to inform the Senator that Governor Rockefeller told him, [REDACTED] of having knowledge of the book prior to its publication. [REDACTED] made no commitment or statement concerning that possibility.

b7C

[REDACTED] further told [REDACTED] that neither Governor Rockefeller nor any member of his staff had ever seen the FBI report concerning Governor Rockefeller and, therefore, did not know exactly how the FBI reported the Governor's comments concerning the book.

[REDACTED] report dated September 7, 1974, a copy of which has been furnished to you, sets forth details of the September 6, 1974, interview with Governor Rockefeller. On page four appears Governor Rockefeller's comments concerning this book. The report states in part, "Rockefeller advised he has never read the publication 'Arthur J. Goldberg, The Old and the New' and did not know it existed. To his knowledge, he has never met Lasky." [REDACTED] notes made during the interview confirmed the information as reported.

In an article by Joseph Kraft entitled, "The Rockefeller Question" which appeared in "The Washington Post" on October 24, 1974, Mr. Kraft indicated he interviewed Governor Rockefeller concerning controversial items which had arisen concerning him. The article states Mr. Kraft interviewed Governor Rockefeller regarding the book and asked the Governor why he told one story first and then another. Mr. Kraft quoted Governor Rockefeller as follows: "When the FBI asked me about the book, I didn't remember it at all.

The Attorney General

When the press asked, I told Hughie (press secretary Hugh Morrow) to say that I didn't have anything to do with the book and I wouldn't have favored publication. In fact my memory was bad. I had known about the book and approved it as a favor to Jack Wells, I guess. Lasky was his client. But it was only a slip of the memory. It was 20 minutes I didn't remember in a career of 34 years in public life."

In an article which appeared in "The New York Times" of November 14, 1974, captioned, "Rockefeller Calls Book on Goldberg a Mistake; Denies Any 'Dirty Tricks,'" Governor Rockefeller's testimony before the Senate Committee on Rules and Administration on November 13, 1974, is reported. The article states "Mr. Rockefeller blamed an 'extremely sketchy' memory for his failure to tell agents of the Federal Bureau of Investigation, in early interviews, about his involvement with the book's financing and for his responses to press inquiries about the episode."

On the afternoon of November 21, 1974, [REDACTED] telephonically contacted [REDACTED] and advised him of the facts in this matter. [REDACTED] did not question the facts as stated by [REDACTED] but advised his notes contain a statement made by the Governor to [REDACTED] which was, "I spoke to someone about the book before it came out, I never paid any attention to it (the book)." [REDACTED] advised [REDACTED] he did not recall this statement nor did it appear in [REDACTED] notes of the interview. [REDACTED] was informed concerning the aforementioned newspaper articles and he stated the Governor was misquoted. [REDACTED] further advised [REDACTED] that no matter what action he and the Governor take in this matter, the FBI will stand on the facts as originally reported.

Dear Mr. Buchen:

Reference is made to my letter dated November 15, 1974, and prior correspondence which furnished you the results of investigation concerning Nelson Aldrich Rockefeller, former Governor of New York and Vice President-designate.

My letter of November 15, 1974, advised that [REDACTED] a reporter with [REDACTED] Albany, New York, had advised he had received information from a source, whom he declined to identify, that Governor Rockefeller had used "Watergate-type" tactics during the 1960's. His source claimed that a group of twenty-six persons was formed by the then Superintendent of the New York State Police to determine the actions and whereabouts of certain key legislators. It was also alleged that at a meeting of the Civil Service Employees Association in Albany, New York, in October, 1963, two New York State Police officers stated they spent one-half of their time "spying" on legislators rather than on police work. It was also alleged that in September, 1966, the late Joseph Y. Resnick, then a United States Representative from New York, recognized an individual attending one of his press conferences as being an undercover agent of the New York State Police rather than a newspaperman. b7C b7D

Transmitted herewith is one copy each of eight reports containing the results of investigation conducted with regard to the foregoing allegations. Copies of these reports are also being furnished to the Attorney General and the Deputy Attorney General. 16/6197-522
